Department Groupings (Series)

An account can be divided into separate groups for shipping to one site or to multiple sites. Each series is reported separately on dosimetry reports and is sorted by participant number or name.

Series are available with the following dosimetry services:

Luxel®+

The department name is printed on the face of the dosimeter, and a series code on the back of the dosimeter. The department's name on the face of the dosimeter is printed over a gray line graphic (default) or can be color coded for easy identification in a choice of six different colors.

Ring Dosimeter

The department (series) code is laser etched on the ring cover.

Escort®

The department name is printed on the face of the dosimeter over a gray line graphic (default) or can be color coded for easy identification in a choice of six different colors.
